Meeting Summary/Main points of interest (include a bullet point list of any announcements for upcoming events, topics discussed, changes made, and relevant points here):

Discussion of bylaw change that would allow a representative from the graduate student council to be a voting member of the graduate council.

It was discovered that a graduate student council representative (usually the president) are not ex-officio members in the Graduate Council bylaws. We voted to make the grad student rep an ex-officio member of the Graduate Council-to take that suggestion to the Graduate Council. Graduate student Council Rep should write up a statement and gather data about what peer institutions do.

Discussion of new program-Graduate PhD degree Program in Food Science and Human Nutrition at NMSU. Many problems with level of details and overall cost of program, it will have to go back to who submitted the report for them to address issues.
